

THE BRAIN THAT WOULDN'T DIE

His highness's seriousness masquerades the emptiness
Hipsters and gangsters aren't so either
Hipsters and gangsters are posers
The posers aren't so either
Revenge of this machine kills fascists
None of us even know what we are saying
Mad brawlic is the same story of vanity & muscle

KNUTE ROCKNE STORY

This is not a resume building,
This is understanding
In difficult times, all times
Talk straight, rockem, sockem
Roboto role model
And an icon to smash
Into brilliant little pieces
